PROFESSIONAL SUMMARY

Frontend Developer skilled in building responsive and user-friendly web applications using modern technologies like React and JavaScript. Experienced in API integration, dynamic UI rendering, and creating clean, efficient interfaces. Passionate about continuous learning and delivering real-world solutions.

TECHNICAL SKILLS

- HTML, CSS, JavaScript (ES6+)
- React.js
- Tailwind CSS
- Git & GitHub
- Responsive Design & UI/UX

PROJECTS:

❖ HomePoint Real Estate Website

- Built a real estate web app using React
- Integrated multiple APIs to fetch dynamic property images
- Implemented pagination and responsive layouts
- Created reusable UI components

Property Listing UI

- Developed interactive property cards with ratings
- Focused on clean UI/UX and accessibility
- Used dynamic rendering techniques

Image Fetching System

- Built a system to fetch images from multiple APIs
- Managed environment variables securely
- Implemented fallback logic for performance

❖ **Nova Glow E-Commerce Website**

- Built a fully responsive e-commerce website using React
- Implemented product listing, filtering, and dynamic UI rendering
- Designed clean and modern user interface for better user experience
- Integrated reusable components for scalability
- Focused on performance and mobile responsiveness

❖ **Recipe Website**

- Developed a recipe web application with dynamic content rendering
- Displayed recipes with images, ingredients, and instructions
- Implemented search or category filtering functionality (if you did)
- Built responsive layout for all screen sizes
- Improved UI/UX for easy navigation and readability

EXPERIENCE

Frontend Developer (Self-Taught) | 2025 – Present

- Building real-world projects using modern frontend tools
- Practicing version control and deployment
- Improving UI/UX and performance optimization

EDUCATION

The Polytechnic Ibadan | Computer Science (National Diploma)

Frontend Development (self-taught / Online)
